AMENDMENTS TO THE SPECIFICATION

Please replace paragraph [0012] with the following replacement paragraph:

[0012] Figure 6 shows fluorescence before (squares) and after (circles) incubation with serum

complement during growth phase of E. coli with plasmid pGFP+luc* at 30 °C as a function of the

concentration of serum complement in the cell culture.

Please replace paragraph [0013] with the following replacement paragraph:

[0013] Figure 7 shows luminescence before (squares) and after (circles) incubation with

serum complement during growth phase of E. coli with plasmid pGFP+luc* at 30 °C as a function

of the concentration of serum complement in the cell culture.
